## 2019 DMEC Employer Leave Management Survey

As a valued client, we would like to invite you to share your insights in the [2019 Employer Leave Management Survey](#) from the Disability Management Employer Coalition (DMEC). Please forward this to the individual responsible for leave management at your organization if it is someone other than yourself.

DMEC is the only association dedicated to providing focused education, knowledge and networking for absence and disability professionals. They deliver trusted strategies, tools and resources to minimize lost work time, improve workforce productivity, and maintain legally compliant absence and disability programs.

As a national sponsor, Sedgwick works with DMEC to provide members with year-round education and networking that can help employers save money and keep their employees at work.

Your input in the survey is greatly appreciated. The information gathered from the survey will provide insight and a greater understanding about how employers are effectively managing employee leaves. The white paper that is developed from the survey results provides a set of best practices for leave management and will be distributed by DMEC in early 2020. [Start the survey](#).

At the end of the survey, all participants will automatically be entered in a raffle drawing to win:

- One of two \$50 Amazon gift cards
- One Certified Leave Management Specialist (CLMS) online course and exam registration

**The survey closes on Friday, October 18.** If you have any questions, please contact your client services representative.

Thank you for your participation!
