

property solutions

Sedgwick has the experience, flexibility and industry expertise to assist customers with all types of property loss claims – and our adjusters are dedicated to providing consistent, high-quality service.

Organizations require expert advice and effective programs to help ensure optimal results. Sedgwick has the widest range of property solutions and expertise to meet our clients' needs.

We have the knowledge and ability to take on the most complex commercial losses and the capacity to handle everyday business and residential claims. Regardless of size or scope, our mission is to get the policyholder back to pre-loss status quickly and smoothly.

Commercial property claims

Sedgwick brings a multi-disciplinary approach to all commercial property risks including buildings, stock, fixtures and fittings, and business interruption. We take ownership of every claim from beginning to end. Our top priority is to assess all potential impacts a loss may have. We work with our clients to control financial exposure from the outset.

Major loss claims

We have significant experience handling large, complex losses for businesses of all sizes in the U.S. and internationally. Our main focus is to get the business “back in business” as quickly and efficiently as possible. Our adjusters respond rapidly, manage and monitor the loss effectively, and ensure our customers have the information they require.

Industry expertise

Our adjusters have experience working with various types of claims including:

- Manufacturing
- Agricultural
- Environmental
- Industrial
- Energy
- Retail
- Hospitality
- Real estate
- Education
- Business interruption
- Builder's risk
- Boiler and machinery
- Catastrophe
- Heavy equipment
- Stock
- Jeweler's block
- Motor truck cargo
- Public entity

Residential property claims

We have resources throughout the country to assist with homeowner claims. With over 200 branch locations covering all 50 states, our adjusters are able to respond quickly to assist our clients and their policyholders with property claims resulting from fire, water and storm damage. We also have a large direct repair network with more than 1,200 certified contractors from coast to coast.
