

Sedgwick launches strategy for long-term growth in Singapore

SINGAPORE, 27 March 2019 - Sedgwick, a leading global provider of technology-enabled risk, benefits and integrated business solutions, announced the company's strategy to lead the world's future of claims management in Singapore, one of the company's key markets in Asia.

After an exciting market launch with clients and colleagues in Singapore, as well as the recent acquisition of Singaporean company Insight Adjusters, Ian V. Mures, Sedgwick CEO of international operations outlined plans to build on the integration of Cunningham Lindsey and Insight.

"This is a great time for Sedgwick in Singapore, having successfully brought together the Cunningham Lindsey and Insights expertise, building on their rich heritage. With our strong leadership, an unparalleled portfolio of products and services and an ambition to further expand in growing markets, Sedgwick can continue to thrive as the world's largest claims administrator," said Mures.

In Singapore, the team of adjusters/engineers specialising in construction and engineering losses are acknowledged as the best in the industry. Sedgwick globally is highly regarded for the quality it delivers in a wide range of services to its clients - bringing together robust global capabilities and local expertise in loss adjusting, major and complex loss, forensic accounting and third-party administration management.

The integration team continues to work toward consolidating the combined operations and transitioning to the Sedgwick brand in Singapore. Using one name across all markets and business lines will strengthen the brand identity and reinforce the company's position as the global industry leader.

The acquisition of Insight Adjusters in Singapore further demonstrates Sedgwick's long-term ambitions in the region, while reaffirming its current capability and defined growth strategies for Singapore. Insight and its affiliated companies have operated in Asia since 1992 and co-founded a noted global adjusting network, offering clients a multi-disciplinary approach to meeting their evolving claim needs.

We are especially pleased to be able to welcome Insight founder, owner Nehemiah Neo Lian Sun, who has more than 40 years of insurance industry experience and has been a pioneer of the adjusting profession in Singapore for over three decades.

Sedgwick's global reach now includes a significant presence in hundreds of locations across more than 65 countries with the ability to service clients in over 100 territories across the globe. The acquisitions of Insight Adjusters in Singapore, Frank Lippe Claims Management in Germany, OSG in Ireland, the expansion of its Canadian operations, and Cunningham Lindsey and Vericlim's global presence, have firmly established Sedgwick in the international arena.

About Sedgwick

Sedgwick is a leading global provider of technology-enabled risk, benefits and integrated business solutions. We provide a broad range of resources tailored to our clients' specific needs in casualty, property, marine, benefits and other lines. At Sedgwick, caring counts®; through the dedication and expertise of more than 21,000 colleagues across 65 countries, the company takes care of people and organisations by mitigating and reducing risks and losses, promoting health and productivity, protecting brand reputations, and containing costs that can impact the bottom line.
