## Sedgwick prepares for Hurricane Matthew

With Hurricane Matthew impacting the southern coastal states, we are preparing for office closings and implementing business continuity plans.

During all inclement weather, our top priority is the safety of our colleagues. Due to the ferocity of this storm, some Sedgwick offices in Florida closed early today, and we have decided to close the following Florida locations on Friday, Oct. 7, 2016:

- Hialeah
- Jacksonville
- Lake Mary
- Orlando
- Pompano Beach

It is too soon to know the damage that Hurricane Matthew will leave behind. We will continue to monitor the situation and post updates on our website at [www.sedgwick.com](http://www.sedgwick.com) if the operation of these or other offices are further affected.

We also want you to know that every effort has been made to ensure uninterrupted service for our customers, consumers and business partners during this weather event. Our business continuity plans have been put into action, backup colleagues have been notified, and phones and operations have been rerouted to offices outside of the storm's path.

In addition to Sedgwick's support, our catastrophe team at Vericclaim, a Sedgwick company, is here to help. Contact [CATclaims@vericclaiminc.com](mailto:CATclaims@vericclaiminc.com) or call 800-479-9188.

Thank you for your patience and understanding. For those customers with operations and employees in the path of Hurricane Matthew, we wish you and yours safe-keeping.
